Photography Guide

Preparing for your
Lifetouch Photography Session

Celebrate Family

with Lifetouch photography

Lifetouch has been a trusted provider of family photography for over 80 years. We know how important portraits are to you and your family—they become priceless family treasures. It may have been years since you and your family have had professional portraits taken so we want to ensure you have a great experience.

Enclosed are some tips and ideas to prepare for your upcoming professional Lifetouch photography session.

Bring special people & meaningful items to your session

- Invite grandparents and other family members and loved ones to join your session—even if they are not members.
- With permission of your organization, bring your household pet to your photography session. We know pets are part of the family.
- Bring meaningful items that express your individuality. Some popular choices are: sports equipment, musical instruments, hobby items, special toys or books.

Getting ready for your portrait

Wear what you feel great in, whether it's casual or formal clothing. Here are some recommendations on what to wear for your photography session:

- Poses vary from close-up to full-length, so plan outfits completely, including shoes.
- Tops with sleeves, at least to the elbow, are most flattering.
- Choose clothing in 2-4 similar-toned, solid colors and have everyone dress within that color palette.

white, grey & black + an accent color

or any
accent
color

earth tones

Hair Avoid changing your hairstyle or cutting your hair right before your session.

Jewelry/Accessories Wear your special jewelry, hats, scarves, etc. Mention to the photographer if you would like to have your jewelry featured in your portrait.

Make-up Make-up should only be slightly heavier than normal—about what you would wear for an evening out.

Glasses If you wear glasses all the time, we suggest you wear them for your portraits—that's the real you.

Complexion Lifetouch offers portrait retouch that can soften facial lines and correct blemishes and scratches, scars, etc. We can also whiten teeth and eyes.
